

Ashborn Band Information and Booking

Ashborn are a groove/death metal band based in Birmingham, UK. Formed in 2017, the band combines groove-led riffs and aggressive vocals with a direct, energetic live approach.

Previous festival appearances include Bloodstock in 2018. Releases include the 2018 full-length album *Awakening* and the three-track *Every Word* EP, whose songs also appear on *Awakening*. The catalogue also includes the *Reason to Kill* EP and the singles *Medusa (...until I win)* and *You Puzzle Me*.

Live Set & Stage Setup

Our usual set runs between 45 and 60 minutes, centred on original material. Selected Sepultura covers are also available where appropriate.

The line-up consists of vocals, guitar, bass and drums:

- Guitar: Kemper direct to PA, without a guitar amp on stage.
- Bass: Darkglass DI output to PA.
- Drums: acoustic kit with kick triggers.
- Monitoring: three members use in-ear monitors; the guitarist normally uses a venue-supplied stage wedge.

Backline, monitoring and detailed input requirements to be agreed with the event's production team.
